Financial Summary

Fiscal Year 2025 (January–December 2025) — Prepared for Internal and Board Distribution

Prepared by: Naomi Tran, VP Finance & Controller | **Date:** February 20, 2026

1. Headline Results

CRCG closed FY2025 with total revenue of approximately $29.1 million, representing 14.2% growth over FY2024. Year-end headcount stood at 191 employees, an increase from 184 at the time of the most recent Company Profile snapshot published earlier in the fiscal year; the difference reflects continued hiring in the Digital & Analytics practice through Q3 and Q4 FY2025, including backfill for planned departures.

2. Revenue by Practice Area

Practice Area	FY2024 Revenue (USD)	FY2025 Revenue (USD)	YoY Growth
Operations Excellence	$9.8M	$10.4M	+6.1%
Digital & Analytics	$10.1M	$13.2M	+30.7%
Risk & Compliance	$3.6M	$4.1M	+13.9%
People & Change (bundled + standalone)	$1.9M	$1.4M	-26.3%

Note: People & Change revenue decline reflects a methodology change in FY2025 reporting, under which bundled change management revenue delivered alongside a host program (e.g., on the Helios Energy and NovaHealth programs) is now attributed to the host program's practice area rather than to People & Change, consistent with Service Catalog pricing note PC-140. Prior-year (FY2024) figures in this table have been restated on the same basis for comparability; figures published in the FY2024 Financial Summary prior to restatement showed People & Change revenue of $3.1M for FY2024.

3. Top Client Accounts by FY2025 Revenue

Client	FY2025 Revenue (USD)	% of Total Firm Revenue
Helios Energy Partners	$3.6M	12.4%
NovaHealth Systems	$2.9M	10.0%
Atlas Manufacturing Co.	$1.9M	6.5%
Meridian Trust Bank	$1.1M	3.8%
Brightline Retail Group	$0.7M	2.4%
City of Beaumont Public Works	$0.2M	0.7%

4. Profitability

Average engagement margin across the portfolio was 29.8% in FY2025, a modest decline from 31.2% in FY2024, driven primarily by cost overruns on the NovaHealth interoperability program and the Brightline forecasting pilot, both of which required unplanned scope extensions (see respective Case Studies and Risk

Register entries RSK-004 and RSK-005). Firm-wide EBITDA margin for FY2025 was 18.1%, within the board-approved target range of 16–20%.

5. Balance Sheet Highlights

- Days Sales Outstanding (DSO) improved to 44 days in FY2025 from 47 days in FY2024, reflecting tighter milestone invoicing discipline introduced after the Q2 FY2024 finance process review.
- CRCG carried no long-term debt as of December 31, 2025.
- Cash and cash equivalents at year-end totaled approximately $6.2 million, providing roughly 2.6 months of operating expense coverage.

6. Outlook

Management expects FY2026 revenue growth in the range of 10–15%, driven primarily by continued ramp of the Helios Energy Phase 2 program (current authoritative budget: $2,150,000, as reflected in the executed Statement of Work and project tracking systems) and an anticipated expansion of the Risk & Compliance practice's regulated financial services pipeline. The Operations Excellence practice is expected to grow more modestly, in line with FY2025 trends.
